

## Ladder 2

I can do a maths activity with help from an adult.

I can use maths words to talk about what I have done.

I can count up to 10 objects and say a number 1 more or 1 less.

I can read and write numbers to 10.

I can half an object.

I can add and take away objects from a group.

I can use 'counting on' to add groups of objects.

I begin to know my number bonds to 10.

I can choose pairs of numbers to make a total up to 10.

I can use pictures to show the answer to a question.

I can sort shapes.

I can name and talk about 2D and 3D shapes.

I can give instructions using position words.

I can follow instructions using direction words e.g. forwards and turn.

I can use maths words to compare e.g. longer, longest, more.

I can use time words.

I can put objects in order from heaviest to lightest

I can choose different ways of sorting the same objects into 2 groups.

I can talk about how I have sorted objects and which group has most.
