

Ladder 4

I can use maths resources to help me with a problem.

I can tell someone else how I have solved a problem.

With help I can explain why an answer is correct.

I can count in 2's and 10's.

I know which are the tens and units in a number.

I can halve numbers and objects by sharing equally.

I know that add is the opposite of take away.

I can use the double of numbers up to 10 to solve problems.

I can begin to use repeated addition to solve multiplication problems

I can add and subtract one digit numbers to solve problems.

I can write number sentences using +, - and =.

I can use maths words to talk about the difference between a 2D and a 3D shape.

I can say the position of objects using first, second, third etc

I can make whole and half turns.

I can use measures like cubes or pencil lengths.

I can use a time line to put things in order.

I can sort objects using two different criteria.

I can understand maths words e.g. sort, group, list, set, common, popular.

With help, I can answer questions about how I have shown what I found out.
